

THE BEGINNER'S GUIDE TO FACEBOOK CUSTOM AUDIENCES

IDENTIFYING YOUR AUDIENCE

Know what you're selling: Knowing your product inside and out is one of the first steps to knowing who you're selling to.

Hold surveys: One of the most accurate ways to know who you're selling to is to go straight to the source. Send out an email or link to a page on your website that asks your customers more about themselves and what it is they're looking for regarding content and services.

Use Facebook: You can do this via location the insights tab and then clicking on the People tab. This page will display the information you need regarding the type of audience you're attracting, which will allow you to better optimize your content.

INTEREST-BASED AUDIENCES

Yet another option offered by Facebook is the ability to filter your audience according to interests. Facebook may also make suggestions based on the interests you've already selected. The thing to know about interest-based marketing is that it really broadens your audience.

TRUST THE PROCESS

The waiting game is a difficult one, and this is especially true when you're waiting to turn a profit. It's ultimately best, however, to allow time for Facebook's algorithm to do its work as opposed to consistently adjusting your target until you see the results you want.
