with the different and alien world he finds himself in where it seems there is currently a three way struggle going on even without the presence of the mysterious aliens who have dogged the Time Traders from the start Without many references to the Russian US race to colonize space this book is not much dated at all Murdock s resentment about the interjection of a woman into their crew is all too believable However Norton rarely takes the expected route and the story remains thoroughly entertaining *Telephonology* Harry Randolph Van Deventer,1910 **New York Supreme Court Appellants' Brief** , United States of America V.
