Accounting Data and Their Decision Use George Robert Martin, 1967 E-Retail Zero Friction In A Digital Universe
Gregory Thain, Alexandra Skey, 2015-05-14 A review of E Retail and the changes the digital universe are making to our life industry retail possibilities A world where the barriers to buying selling and creating products online are gone for everyone Read the story of How It All Began The World is Flat Is the Big Box Really Dead The Entrepreneurial Revival Customers Wear the Crown The Global Consumer and much more Keywords E Retail Digital Wal Mart Internet individual *Financial World*, 1930 *The Meritocracy Trap* Daniel Markovits, 2020-09-08 A revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that Daniel Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand that meritocratic inequality produces near universal harm we can cure it When The Meritocracy Trap reveals the inner workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again afford dignity and prosperity to the American people Annual Financial Report, Report of Investments California.
