

## In-Text Citation with APA

APA style calls for three kinds of information to be included in in-text citations:

1. The **author's** last name
2. The work's **date of publication**
3. If the citation is for a direct quotation, the **page number or paragraph number**

All of these pieces of information must match the corresponding reference list entry exactly!

### Example in-text citations, from fictional authors and sources:

Research has shown that “the demographic of the fly is a key determining factor in the robustness of its flavour” (Frog, 1998, p. 33).

### You could also place part of the citation in the text as follows:

As stated by Frog in his seminal article (1998), “the demographic of the fly is a key determining factor in the robustness of its flavour” (p. 33).

In this example, the author’s name is mentioned in the text itself; therefore, the name need not be repeated in the bracketed citation.
