**"A" Commentary, Critical and Explanatory, on the Old and New Testaments: Old Testament. Genesis-Esther** Robert Jamieson, Andrew Robert Fausset, David Brown, 1890      Crude Creatures Gil Ribak, 2025-10-28 Corrects the record on how Yiddish media portrayed African Americans Understandings of Black Jewish relations have been notable for the near consensus among scholars that the Yiddish press repeatedly condemned discrimination and prejudice against African Americans and highlighted the similarities between the situation of Jews in Eastern Europe and Blacks in America This book argues that this view covers just a sliver of the varied representations of Black women and men East European Jewish culture during the immigration era was not uniformly supportive of Black Americans as those interpretations suggest *Crude Creatures* draws on a mixture of previously unexplored Yiddish press theatre and literature from Eastern Europe and the United States through 1929 to examine how Black Africans and African Americans were depicted It charts a significant gap between the sincere condemnation of lynching violence against Black Americans and racial segregation on the one hand and the ways in which Jewish authors newspapers playwrights actors and theater managers actually represented Black people on the other While most East European Jews would not have seen a Black person before their arrival in America they had already acquired preconceived imagery of Black people through rabbinic exegesis pious advice travel narratives either original or adapted from other languages folklore scientific explorations pulp literature press reports political rhetoric and educational materials Thus Yiddish writers commonly described Black people as cannibals oversexed prone to violence childlike or just happy go lucky people *Crude Creatures* provides a critical revision correcting the accepted rosy narrative of Black women and men's portrayals in Yiddish culture and highlighting what we can learn from these representations about how immigrant groups integrated their own cultures into American racial hierarchy and vocabulary      *A Commentary, Critical and Explanatory, on the Old and New Testaments* Robert Jamieson, 1871      **Creatures of Cain** Erika Lorraine Milam, 2020-11-03 How Cold War America came to attribute human evolutionary success to our species unique capacity for murder After World War II the question of how to define a universal human nature took on new urgency *Creatures of Cain* charts the rise and precipitous fall in Cold War America of a theory that attributed man's evolutionary success to his unique capacity for murder Drawing on a wealth of archival materials and in depth interviews Erika Lorraine Milam reveals how the scientists who advanced this killer ape theory capitalized on an expanding postwar market in intellectual paperbacks and widespread faith in the power of science to solve humanity's problems even to answer the most fundamental questions of human identity The killer ape theory spread quickly from colloquial science publications to late night television classrooms political debates and Hollywood films Behind the scenes however scientists were sharply divided their disagreements centering squarely on questions of race and gender Then in the 1970s the theory unraveled altogether when primatologists discovered that chimpanzees also kill members of their own species While the discovery brought an end to definitions of

human exceptionalism delineated by violence Milam shows how some evolutionists began to argue for a shared chimpanzee human history of aggression even as other scientists discredited such theories as sloppy popularizations A wide ranging account of a compelling episode in American science *Creatures of Cain* argues that the legacy of the killer ape persists today in the conviction that science can resolve the essential dilemmas of human nature **X-Kit Literature Series: FET Animal Farm**, 2005 **Deceptive Vows** Faith Summers, Khardine Gray, 2021-10-13 What kind of happily ever after do you get when you're forced to marry a monster A monstrous Bratva leader who bounds your wrists and promises to break you Mikhail Dmitriyev is a beautiful devil with a villainous heart and a thirst for revenge The choices he gave me when he stole me away from my home with an army of men were very clear marry me or die I chose to marry him and live But there's one small problem with his grand plan to reign Armageddon on the Mexican Cartel I'm not the woman he thinks I am I'm not the cartel princess he thinks he took to make his enemies bow to him When my captor finds out my secret and realizes he married the wrong woman love won't be enough to save me And neither will his obsession *Deceptive Vows* is a dark mafia arranged marriage romance It is a complete standalone New Testament Robert Jamieson, Andrew Robert Fausset, David Brown, 1875 **A Commentary, Critical and Explanatory, on the Old and New Testaments: New Testament** Robert Jamieson, Andrew Robert Fausset, David Brown, 1877 **Encounter Between Eastern Orthodoxy and Radical Orthodoxy** Adrian Pabst, Christoph Schneider, 2009 This book presents the first debate between the Anglo Catholic movement Radical Orthodoxy and Eastern Orthodox theologians Leading international scholars offer new insights and reflections on a wide range of contemporary issues from a specifically theological and philosophical perspective The ancient notion of divine Wisdom Sophia serves as a common point of reference in this encounter Both Radical and Eastern Orthodoxy agree that the transfiguration of the world through the Word is at the very centre of the Christian faith The book explores how this process of transformation can be envisaged with regard to epistemological ontological aesthetical ecclesiological and political questions Contributors to this volume include Rowan Williams John Milbank Antoine Arjakovsky Michael Northcott Nicholas Loudovikos Andrew Louth and Catherine Pickstock **New Testament** Robert Jamieson, Andrew Robert Fausset, David Brown, 1877 **The Cause of Evil; Or, The Values of Nature and the Values of Religion ...** I. by these early settlers What Species of Creatures is a rich and satisfying stew of odd historical facts and figures Fascinating Kirsch skillfully stitches together this scattered survey of European testimony and observations about encounters with New World animals with very challenging but rich prose With so few books in early Canadian history on the subject of human animal relations however Kirsch s work is a very welcome contribution that should open the door for other scholars and writers to pursue this kind of research Sean Kheraj H Net Humanities and Social Sciences On Line Offers unexpected surprises in each chapter on almost every page This book is like no other I know an imaginative assemblage of intriguing material on human and animal lives woven together seamlessly to create mysterious tales Sharon Kirsch has produced a unique scholarly and engaging chronicle of the early encounters between Europeans and the New World animals Lynette Hart Anthrozoos
