Dictionary of the Printing and Allied Industries F.J.M. Wijnekus, E.F.P.H. Wijnekus, 2013-10-22 The first edition of this dictionary compiled by F J M Wijnekus and published in 1967 was the result of years of systematic collection and preparation of thousands of terms and expressions which were until then not to be found in any other dictionary The material was correlated for use in his daily work and as the reputation of his private collection spread there was an increasing demand for access to these findings Until 1967 there was no comprehensive multilingual dictionary on the subject former publications were incomplete and out of date and lacked clear definition often leading to disastrous misunderstandings Furthermore the subject of printing paper and ink technology had never been dealt with in dictionary form in relation to other aspects of the graphic industry This new work prepared by F J M Wijnekus and his son has been considerably up dated Much time has been devoted to checking the material against the most reliable and authoritative sources The usefulness of the work has been further enhanced by the addition of Spanish and Italian to the original languages of English French and German The first edition was received with much enthusiastic praise and this new dictionary will undoubtedly continue to be an invaluable tool for all those working with the printed word in the widest sense It is a reference work which should be in the hands of all those in any way connected with the printing industry paper manufacturers ink manufacturers printers bookbinders publishers lithographers lay out men and graphical research institutes

Blind Impressions Joseph A. Dane, 2013-08-22 As bibliographers or book historians we perform our work by changing the function of the objects we study We rarely pick up an Aldine edition to read one of the classical texts it contains Print culture under this notion is not a medium for writing or thought but a historical object of study our bibliographical field our own concoction becomes the true referent of the objects

we define as its foundation From the Introduction What is a book in the study of print culture For the scholar of material texts it is not only a singular copy carrying the unique traces of printing and preservation efforts or an edition repeated and repeatable or a vehicle for ideas to be abstracted from the physical copy But when the bibliographer situates a book copy within the methods of book history Joseph A Dane contends it is the known set of assumptions which govern the discipline that bibliographic arguments privilege repeat or challenge Book history he writes is us In *Blind Impressions* Dane reexamines the field of material book history by questioning its most basic assumptions and definitions How is print defined What are the limits of printing history What constitutes evidence His concluding section takes form as a series of short studies in theme and variation considering such matters as two color printing the composing stick used by hand press printers the bibliographical status of book fragments and the function of scholarly illustration in the Digital Age Meticulously detailed deeply learned and often contrarian *Blind Impressions* is a bracing critique of the way scholars define and solve problems
