KITAB PARANORMAL (ENGLISH VERSION) GM SUHANDONO WIJOYOKUSUMO,2026-02-15 Praise be to God Almighty for His abundant grace and guidance so that the book 100 Pranic Techniques A Complete Guide to Energy Healing can be completed This book was born from a long journey spanning more than two decades studying practicing and teaching the science of energy healing It began with a simple curiosity about why a healer s hands felt warm when healing and progressed to a deeper understanding that life energy called prana chi ki or any other name is not the exclusive property of yogis priests or shamans It is the right of every human being It is breath itself I wrote this book with one belief everyone is capable of being a healer for themselves and others You don t need to have special talents you don t need to be born into a certain lineage or you don t need to undergo strange rituals You just need a willingness to learn the patience to practice and the courage to open your heart The one hundred techniques presented in this book are systematically arranged from the most basic to the most advanced I ve deliberately outlined them in great detail almost like a recipe to ensure readers don t get lost I want this book to be a faithful practice companion not just a piece of reading material that can then be forgotten But I want to remind you one thing technique is just a tool The ultimate goal is not mastering 100 techniques but self mastery A true healer is not measured by how large an energy ball they can create or how far they can send their energy or how many patients they can heal A true healer is measured by the purity of their heart the sincerity of their love and the humility of their attitude So read this book Practice the techniques Be a witness to the miracles that happen to you and those around you But never forget that true magic isn t in the energy you radiate but in the love that is its source I extend my deepest gratitude to the teachers who have guided me both those I met physically and those who taught me through silence Thank you to my family for their unwavering support to my fellow travelers who faithfully practice with me and to all the patients who have entrusted their healing to me You are the best teachers Thank you also to you dear reader for taking the time to read this foreword May this book be beneficial may the energy of love continue to flow through you and may we all be channels of peace for the earth we love Happy practicing Happy healing Happy being in love Peace in the heart Peace on earth Peace in the universe Writer SUHANDONO WIJOYOKUSUMO
