Brave New World Chapter 3 Dialectical Journal:

José Carlos Mariátegui's Unfinished Revolution Melisa Moore, 2013-12-18 The years 1909-1930, the eleven-year presidency of the businessman turned politician Augusto B. Leguía, mark a formative period of Peruvian modernity, witnessing the continuity of a process of reconstruction and the development of an intellectual and cultural tradition after a humbling defeat during the War of the Pacific (1879-1883). But these years were also fraught with conflict generated by long-standing divisions and new rivalries. A postwar generation of intellectuals and artists, led by José Carlos Mariátegui and galvanized by left-wing thinking and an avant-garde aesthetic, sought representation in the fields of politics and the arts to realize the modernizing potentialities opened up by a Positivist oligarchy. New political and artistic conceptions raised their awareness of the fractured sense of nationhood in Peru and the need for a new project of nation formation based on a common political and cultural consciousness. Crucially, this gave rise to divergent political and artistic positions and practices. Mariátegui's Indigenist Marxist politics and Modernist-inspired poetics, through his influential journal *Amauta*, were pivotal in revitalizing, conciliating, and channeling those of his cohorts and challengers. Comprising six full-length chapters, a comprehensive introduction, and a conclusion, this monograph is ambitious in scope and depth. It provides fresh readings of key writings of Mariátegui, one of Latin America's most important and revolutionary political, cultural, and aesthetic theorists, through the lens of his poetics, emphasizing the value of this approach for a fuller understanding of his work's political meaning and impact. It does so through detailed analysis of the poetic, expressive language employed in seminal political essays aimed at forging a new Marxist position in 1920s Peru. Furthermore, it offers powerful and original critiques of understudied intellectuals of this time, especially Apristas, Futurists, Socialists, and Indigenists, including female writers and artists such as Magda Portal, Ngela Ramos, and Julia Codesido, whose work he championed. These readings are fully contextualized in terms of detailed critical study of complex sociopolitical conditions and positions and biographical, intellectual backgrounds of Mariátegui and his contemporaries. This monograph underscores the fundamental importance of Mariátegui in the development of political and artistic practices and projects that shaped a national, shared yet also heterogeneous political culture and cultural tradition in Peru during and after his lifetime.

Pastoral Cosmopolitanism in Edith Wharton's Fiction

Margarida Cadima, 2023-07-11 American novelist Edith Wharton (1862-1937) is best known today for her tales of the city and the experiences of patrician New Yorkers in the Gilded Age. This book pushes against the grain of critical orthodoxy by prioritizing other species of spaces in Wharton's work. For example, how do Wharton's narratives represent the organic profusion of external nature? Does the current scholarly fascination with the environmental humanities reveal previously unexamined or overlooked facets of Wharton's craft? I propose that what is most striking about her narrative practice is how she utilizes, adapts, and translates pastoral tropes, conventions, and concerns to twentieth-century American actualities. It is no accident that Wharton portrays characters returning to or exploring various natural localities, such as private gardens, public

parks chic mountain resorts monumental ruins or country estate follies Such encounters and adventures prompt us to imagine new relationships with various geographies and the lifeforms that can be found there The book addresses a knowledge gap in Wharton and the environmental humanities especially recent debates in ecocriticism The excavation of Wharton s words and the background of her narratives with an eye to offering an ecocritical reading of her work is what the book focuses on

The Afterlife of America's War in Vietnam Gordon Arnold, 2014-12-09 The fall of Saigon in 1975 signaled the end of America s longest war Yet in many ways the conflict was far from over Although the actual fighting ended the struggle to find political justification and historical vindication for the Vietnam War still lingered in American consciousness A plethora of images from America s first televised war has kept

the conflict all too fresh in the memories of those who lived through it while creating a confusing picture for a younger generation. The political process of attaching meaning to historical events has ultimately failed due to the lack of consensus then and now regarding events surrounding the Vietnam War. Reviewing the record of American politics, film and television, this volume provides a brief overview of the war's appearance in American popular culture. It examines the ways in which this conflict has consistently resurfaced in social and political life, especially in the arena of contemporary world events such as the Soviet incursion into Afghanistan, the Gulf War, and the 2004 presidential campaign. To this end, the work explores the contexts and uses of the Vietnam War as a recurring subject. The circumstances and symbolism used in the rhetoric of the political elite and the news media, including the New York Times, the Washington Post, Time, and Newsweek, are discussed. Emphasis is also placed on the role of film and television as the book examines movies such as *The Deer Hunter* and *Apocalypse Now* and TV series such as *M A S H*. In weaving together the political and screen appearances of the Vietnam War, the book reexamines the influence of a major episode in American history.

The Suffering Body in Sport, Kevin Young, 2019-07-24. This volume approaches the study of pain, risk, and injury in sport from a variety of social scientific perspectives. Contributions focus on the manifestations of pain, risk, and injury within sport cultures and the degree to which the research is rapidly expanding to include new ways of thinking about risky and painful suffering in sport.

Light, 1883. The pioneers of the spiritual reformation. Life and works of dr. Justinus Kerner, adapted from the Germ. [of A. Reinhard]. William Howitt and his work for spiritualism. Biographical sketches, Anna Mary Watts, 1883.

Motherhood in Black and White, Ruth Feldstein, 2000. Feldstein draws on a wide array of cultural and political events that demonstrate how and why mother blaming furthered a progressive anti-racist agenda. From the New Deal into the Great Society, bad mothers, black or white, were seen as undermining American citizenship and as preventing improved race relations, while good mothers, responsible for raising physically and psychologically fit future citizens, were held up as a precondition to a strong democracy.
