**Language Hacking Spanish** Benny Lewis,2017-11-14 It s true that some people spend years studying Spanish before they finally get around to speaking the language But here s a better idea Skip the years of study and jump right to the speaking part Sound crazy No it s language hacking Unlike most traditional language courses that try to teach you the rules of Spanish LanguageHacking shows you how to learn and speak Italian through proven memory techniques unconventional shortcuts and conversation strategies perfected by one of the world s greatest language learners Benny Lewis aka the Irish Polyglot Using the language hacks shortcuts that make learning simple that Benny mastered while learning his 11 languages and his speak from the start method you will crack the language code and exponentially increase your language abilities so that you can get fluent faster It s not magic It s not a language gene It s not something only other people can do It s about being smart with how you learn learning what s indispensable skipping what s not and using what you ve learned to have real conversations in Spanish from day one The Method LanguageHacking takes a modern approach to language learning blending the power of online social collaboration with traditional methods It focuses on the conversations that learners need to master right away rather than presenting language in order of difficulty like most courses This means that you can have conversations immediately not after years of study Each of the 10 units culminates with a speaking mission that prepares you to use the language you ve learned to talk about yourself Through the language hacker online learner community you can share your personalized speaking missions with other learners getting and giving feedback and extending your learning beyond the pages of the book You don t need to go abroad to learn a language any more

Intermediate Spanish For Dummies Gail Stein,2010-12-15 Need to brush up on your Spanish Intermediate Spanish For Dummies is your key to success in building your writing skills and bolstering your confidence It gives you the straight talk and nitty gritty detail that will see you successfully through any major or minor roadblocks to communicating in Spanish This friendly hands on workbook is loaded with practical examples and useful exercises so you can practice how native speakers use the language From vocabulary and numbers to juggling tenses you ll get a clear understanding of the nuances of Spanish style and usage that will have you writing like a native in no time Plus you ll find multiple charts that provide conjugations for all types of Spanish verbs You ll get up to speed with Spanish grammar master essential differences between Spanish and English language usage and be able to communicate effectively when traveling or conducting business Discover how to Use fundamental Spanish grammar from nouns adjectives and adverbs to pronouns prepositions and conjunctions Select and conjugate Spanish verbs correctly Understand the importance of grammatical gender in Spanish Avoid the most common writing mistakes Use numbers and express dates and times Name countries and nationalities in Spanish Expand
