Burke,2015-03-13 The Business of ePublishing 2015 Edition explains in thorough detail what professional publishers designers and traditional independent and hybrid authors need to know about the world and business of digital publishing in 2015 and beyond It goes beyond the rhetoric and paranoid proclamations rampant in social media blogs and news outlets to provide provable unbiased insight into the users devices formats and real world economics of ebooks fixed layout ebooks digital textbooks digital magazines and more for all levels of publishing enterprise small to medium sized publishers indies and self publishers Whether you are an aspiring self publisher or the CEO of a major publishing house a freelance designer or sales person this book provides you with the insight background statistics figures and examples to help you make sense of the business economic and marketing concerns of epublishing and help you plot your future for a successful year in digital publishing Whether your intent is to sell yourself your boss or your clients or if you just want to educate yourself about the realities of the world of epublishing you ll find in this book a cornucopia of important relevant data

Who Gets In? Rebecca Zwick,2017-05-15 On the disputed topic of U S college admissions everyone agrees that this high stakes competition is unfair But few agree on what a fair process would be Stressing transparency in evaluating applicants Rebecca Zwick assesses the goals and criteria of different admissions policies and shows how they can fail to produce the desired results

Misinformation and Mass Audiences Brian G. Southwell,Emily A. Thorson,Laura Sheble,2018-01-24 Lies and inaccurate information are as old as humanity but never before have they been so easy to spread Each moment of every day the Internet and broadcast media purvey misinformation either deliberately or accidentally to a mass audience on subjects ranging from politics to consumer goods to science and medicine among many others Because misinformation now has the potential to affect behavior on a massive scale it is urgently important to understand how it works and what can be done to mitigate its harmful effects Misinformation and Mass Audiences brings together evidence and ideas from communication research public health psychology political science environmental studies and information science to investigate what constitutes misinformation how it spreads and how best to counter it The expert contributors cover such topics as whether and to what extent audiences consciously notice misinformation the possibilities for audience deception the ethics of satire in journalism and public affairs programming the diffusion of rumors the role of Internet search behavior and the evolving efforts to counteract misinformation such as fact checking programs The first comprehensive social science volume exploring the prevalence and consequences of and

remedies for misinformation as a mass communication phenomenon Misinformation and Mass Audiences will be a crucial resource for students and faculty researching misinformation policymakers grappling with questions of regulation and prevention and anyone concerned about this troubling yet perhaps unavoidable dimension of current media systems

Education Mania Joshua Flapan,2023 Education Mania Is a University The New Doctor is about people who think that a college degree is a real degree In fact the doctorate is doing the goals of the college In many ways the full benefits of a college degree go to the doctorate Like in the majors in the field of engineering psychology and English there are a lot of college grads around the world who face the food stamp line and it is contrary to how the university gets people a job The scandal involves an essay and dissertation That is an approximately five chapter essay Also the book has introductions to explain to the reader how a university degree becomes a new doctor My book explores solutions to subject areas that prove the doctor is the new college The solutions include having college to nothing getting rid of the bus child labor and apprentices *The People Have Spoken (and They Are Wrong)* David Harsanyi,2014-03-10 Democracy may be one of the most admired ideas ever concocted but what if it is also one of the most harebrained After many years of writing about democracy for a living David Harsanyi has concluded that it is the most overrated overused and misunderstood idea in political life The less we have of it the better Democracy is not synonymous with freedom It is not the opposite of tyranny In fact the Founding Fathers knew that democracy can lead to tyranny That is why they built so many safeguards against it into the Constitution Democracy Harsanyi argues has made our government irrational irresponsible and invasive It has left the American people with only two options domination by the majority or a government that can't possibly work The modern age has imbued democracy with the mystique of infallibility But Harsanyi reminds us that the vast majority of political philosophers including the founders have thought that responsible limited government based on direct majority rule over a large let alone continental scale was a practical impossibility In *The People Have Spoken* you'll learn Why the Framers of our Constitution were intent on establishing a republic not a democracy How democracy undermines self government How shockingly out of touch with reality most voters really are Why democracy is an economic wrecking ball and an invitation to a politics of envy and corruption How the great political philosophers from Plato and Aristotle to Burke and Tocqueville predicted with uncanny accuracy that democracy could lead to tyranny Harsanyi warns that if we don't recover the Founders republican vision democracy might very well spell the end of American liberty and prosperity Iron Age ,1908
