## Homelessness

The homeless epidemic is a serious problem in nearly every major city across the country. According to the U.S. Department of Housing and Urban Development, there are over 500,000 people experiencing homelessness on any given night. It's a difficult challenge to tackle precisely because it is so multi-faceted, both in terms of its causes and its far-reaching effects. Homelessness affects not only the people who must struggle to survive on the street, but also the business owners or residents in the neighborhoods. While many factors have contributed to the rise in homeless rates, one of the most profound is the lack of adequate social support services.

A lack of free or affordable housing could be considered an obvious cause of homelessness. On a purely practical level, if a city can provide enough homeless shelters and other forms of affordable housing, the people who would otherwise sleep on the streets can sleep far more safely with a consistent roof over their heads. Social support services, whether they are funded publicly or privately, would be able to tackle many of the immediate and long-term challenges that face people experiencing homelessness.

The effects of homelessness are equally complex and can be mirror images of the root causes. Because the person is experiencing homelessness, this may put profound strain on personal relationships. Drug abuse can become an issue, as the person seeks some way of coping with the pain and hardship of living on the streets. This leads to a downward spiral that drives the person deeper and deeper into the depths of crippling poverty and isolation.

Every city, every neighborhood faces unique challenges when it comes to homelessness. While the specific root causes can vary between individuals, the lack of adequate social services is a leading contributor. The right social services can address, reduce, or even remove some of these other underlying causes. With powerful effects for both the individual and society at large, homelessness is a pressing issue and one that must be approached with tact and compassion.

HEADING

INTRO

CONCLUSION

TITLE

BODY

- Discuss the context of both the cause(s) and effect(s).
- Consider using either a block structure or point-by-point structure to organize your body paragraphs.
