- Which continent overlaps with Antarctica? (South America)

8. **Match** each of your maps of Pangaea.

- How well do the continents fit together?

They fit really well, but I don't think that they are quite Pangaea because they don't have all parts on the map.

- Is it a perfect fit?

No, this is a perfect fit because all of the continents fit really well and it is a perfect fit because most of the land is there and together.

- How close are the continents to each other? (How close are they to each other? How close are they to each other?)

No, they don't have to be close to each other because all the continents are on the map. It is a perfect fit because all the continents are on the map and they are all together.
