Society Without People Christopher Pieper, Justin Nelson, 2025-06-16

Society Without People is the first major scholarly analysis of the profound social and cultural effects of emerging technologies such as generative AI and the Metaverse. Using an approachable style and compelling scenarios, Pieper and Nelson examine the potential ways these technologies will shape identity, institutions, relationships, communities, power, and personhood itself in the near future. Introducing the theory of Gamism, the authors suggest that the logic of games could serve as the new ideology governing this strange, exciting world. One question underlies each chapter: how can humans

flourish in the midst of such rapid and deep changes It is a must read for anyone concerned about the future of society and technology
