Minority Status, Oppositional Culture, & Schooling

John U. Ogbu, 2008-06-30. This book is the definitive and final presentation of John Ogbu's cultural ecological model and the many debates that his work has sparked during the past decade. The theory and empirical foundation of Ogbu's scholarship, which some have mistakenly reduced to the acting white hypothesis, is fully presented and revisited in this posthumous collection of his new writings plus the works of over 20 scholars. Ogbu's own chapters present how his ideas about minority education and culture developed. Readers will find in these chapters the theoretical roots of his cultural ecological model. The book is organized as a dialogue between John Ogbu and the scholarly community, including his most ardent critics. Ogbu's own work can be read at the same time as his critics have their say.
