Back From The Brink The Autobiography:

Back from the Brink Paul McGrath, 2006-10 The autobiography of this Irish soccer player is not a football story but a human story that goes from a hard hidden childhood in Dublin's orphanages to a public struggle with alcoholism and a life lived on the edge of chaos

Miles Davis and American Culture Gerald Lyn Early, 2001 His music provoked discussion of art versus commerce the relationship of artist to audience and the definition of jazz itself Whether the topic is race fashion or gender relations the cultural debate about Davis's life remains a confluence

Back from the Brink Paul McGrath, 2006 Paul McGrath is Ireland's best loved sportsman and also its least understood An iconic football presence during a professional career stretching over 14 years he played for his country in the European Championship finals of 1988 and the World Cup finals of 1990 and 1994 But behind the implied glamour of life in the employ of great English clubs like Manchester United and Aston Villa McGrath wrestled with a range of destructive emotions that made his success in the game little short of miraculous That story has until now never been told

Autobiography Of A Failure Marcelo Ortiz, 2022-08-19 I wrote this book hoping that it might awaken somebody from the slumber of mischief and allow his or her possible assets to achieve their American dream which I am still looking for

From Broke To Brexit Michael Burton, 2021-09-30 Perhaps the most extraordinary period in modern British history the years between the Great Recession and Brexit have often been dubbed the lost decade because of the economic and political turmoil caused by those two great events Michael Burton outlines how the first led to the second assisted by a rare confluence of other often unrelated social and political factors that delivered the shock Leave verdict in the EU referendum of 2016 These included the longstanding grievances of voters in former industrial areas feeling left behind by globalism stagnant incomes after the recession austerity the rise of social media the refugee and Eurozone crisis in Europe the deep split in the Conservative and Labour parties over the EU and rising wealth inequalities The author also charts the chaotic political landscape that ended in the final Brexit deal This book is ideal for the general reader as well as for students of politics history and economics needing a concise and well explained account of this turbulent period in British history

[How Do Leaders Make Decisions?](#) Alex Mintz, Dmitry (Dima) Adamsky, 2019-09-23 Understanding how leaders make foreign policy and national security decisions is of paramount importance for the policy community and academia This book explores how leaders such as Trump Obama Netanyahu and others make decisions using the Applied Decision Analysis ADA method
