

11 TIPS TO FIND WORK / LIFE BALANCE

If you do what you love, you'll love what you do right? But that doesn't have to mean being connected 24-7-365. Productivity and creativity increases after rest and time off. A walk outdoors, a night with family or a long weekend road trip can help refocus, clear your mind and recharge your energy. Here's a few steps to find your work/life balance.

1. CREATE ROUTINE

Whether its meditation, breathing exercises, or jamming out to your favorite music find a transition time practice that helps you mentally switch gears into your evening.

03. TURN OFF

Being able to unplug and recharge means turning off notifications, putting devices down and enjoying the calm or craziness your night sky includes.

5. HAVE A DANCE PARTY

We love seeing photos of parents after work dancing around the living room with their kids. Pick a song, crank it up around your house and get the whole family to join in before you settle in for the evening.

7. WORKOUT

There is no arguing that a killer workout makes you feel better. Whether it's running, hitting the gym or your favorite yoga practice, centering yourself through a workout is a great transition activity.

9. BE ACCOUNTABLE

Telling your spouse or a close friend about your intentions to create a better work life balance can help you stay accountable to your goals.

11. FIND TIME

You might just realize that evenings will never allow for personal time, so look for other pockets of the day. Ten minutes in the morning in a silent house with a cup of coffee can change the outlook of an entire day.

2. ESTABLISH A PRACTICE

Whether its meditation, breathing exercises, or jamming out to your favorite music find a transition time practice that helps you mentally switch gears into your evening.

4. CHANGE CLOTHES

Some people recommend changing clothes after work to "evening attire" that helps you relax and switch gears. Your yoga pants are calling!

6. SET AN INTENTION

Each evening find a focal point or intention you want to accomplish that night. Choose a word or phrase you can focus on that will drive your evening activities.

8. UNPLUG

Don't take your devices to bed. Being unplugged means getting the sleep you need and not taking work to bed with you either.

10. DRINK WINE

It doesn't have to be wine, but enjoy a nice beverage and meal to help bring closure to the day.

Some days we feel balanced, and others out of control. If you find work you are passionate about it's likely to spill over into your personal time because you'll choose activities that align your personal and professional interests. Keep checking in with yourself, your family and your team at work about ways to continually grow and improve your life balance.
