TEAS SUBJECT AREAS

The TEAS test was designed for health science students to measure the academic preparedness of prospective students. Questions on the TEAS assess student knowledge of key disciplines that address areas presented in grades 7-11 in the respective discipline areas and concepts that health science students receive as most important for success in health science programs. The disciplines cover the academic subject areas of:

The TEAS is broken into the various practice questions for each of the key disciplines of the TEAS. Help to recall that the questions provided in the manual are not comprehensive.
