OVERVIEW

For this assignment, you will discuss your own development over your lifetime and how it relates to the developmental concepts discussed throughout this course. The purpose of this paper is for you to demonstrate an ability to apply a working knowledge of the theories, terminology, and concepts of human growth and development by identifying your life as it relates to key human growth and development concepts. You will incorporate empirical studies related to development, readings, and videos.

You should not use direct quotes, but rather summarize and paraphrase insight from your sources. You will use your textbook and at least 3 other scholarly sources (no less than 4 sources total) to create your developmental analysis. Your paper must be at least 10 pages including a title page, abstract, 6 pages in the body, and a reference page.
