#### What is Community?

- Community is simply defined as people with common interest living together in the same place. It is an aggregation of families and individuals who have settled in a compact and contiguous geographical area and share significant elements of common life and shown in their manners, customs, traditions, and modes of speech.
- Manali (2009) defined community as an organization of people who are able to undertake projects based on its members' experience, resiliency, motivation, and willingness to learn.
- An active community is an organization of people strategized, conceptualize, implement, and evaluate a program [Bunagan, et. al., 2009].
- Norman (1998) states that community may vary, but certain commonalities are noticeable when explaining and describing the concepts.
- According to Genesis 1:27 (Old Testament), the community encompasses all God's creation in the universe, including man and woman, whom He created in his own image. He allowed them to have dominion over all
