I know with the internet and a good search engine all you need to know can be found in a heartbeat But what about the fact

that most of the time you don't know what you don't know. That fact is what prompted me to put all this information in one place. I made every effort to explain each term, form, and process I tripped over in the first ten or fifteen years of being out on my own. Since then, I've watched my kids and their friends fumble through the same experiences I did, and it doesn't appear that the business of life has changed much, thank God. So keep a copy of this guide near and dear to you wherever life takes you, knowing it will contain the information you need when you need it.
