CHILD PROTECTIVE SERVICES (CPS)

Child maltreatment is a serious problem that has grave and costly consequences for the child, his or her family and the community at-large. A child who has experienced abuse and neglect is more likely to have social, emotional and physical health problems and perform poorly in school.

House of Commons. Work and Pensions Committee, 2005 The Committee's report examines continuing concerns about the performance of the Child Support Agency (CSA) particularly in relation to its compliance and enforcement regime Issues discussed include the old and new child support schemes performance targets and information management the IT problems encountered child support assessments compliance targets and debt levels enforcement measures in the UK and other countries notably Australia staffing issues including staff training job cuts pay and morale and options for urgent action and longer term reforms The CSA is found to be a failing organisation which is currently in crisis and requires radical reform in order to provide an acceptable service Senior management has failed to provide effective leadership through significant cultural shift with deficient training given to frontline staff and inadequate monitoring procedures in place The Committee strongly recommends that proposed job cuts be suspended until the Agency's business transformation programme including its IT system is proved to be fully functioning If the recommended improvements are not made the CSA may need to be wound up and alternative policies implemented to provide financial support and maintenance for children *Annual Report to the Congress on the Child Support Enforcement Program* United States. Office of Child Support Enforcement, 1976 **The 1991 Child Support Act** Leanne McCarthy-Cotter, 2018-10-10 This book assesses the 1991 Child Support Act and demonstrates how its failure was foreseeable and foreseen It provides an understanding of the creation and failure of the Act as well as providing an examination of the British policy making process The book re-introduces the stages approach as an appropriate framework for examining policy making in general and analysing policy failure in particular It draws on evidence gained through interviews official documents unpublished consultation responses Parliamentary debates and materials from pressure groups and think tanks as well as academic literature The 1991 Child Support Act is seen as one of the most controversial and notorious policy failures in Britain However it has received relatively little academic attention An in-depth analysis of the policy making process that led to the development and passage of this deeply flawed policy has largely been neglected this book fills that gap **Child Support Agency** Great Britain.
